

_____’s Monthly Homework Response

Please help your child answer each of the following questions about his/her monthly homework project:

1. What did you make?
2. Who helped you?
3. What materials did you use?

Please also practice talking with your child about each question prior to the date he/she returns the completed project to school. Each child will have the opportunity to share his/her response with the class.

*The children are not expected to read the response word for word. The goal is to speak clearly and tell about the project using the template as a guide.

This month I made a _____.
_____ helped me.

We used _____

to create my project.
